

# POLLINATORS – BUTTERFLIES AND BEES

**ATTRACT BEES AND BUTTERFLIES TO YOUR  
BACKYARD**

## **Pollinator Pathway Project**

**SLELO PRISM**  
"Teaming up to stop the  
spread of  
invasive species"

Learn how to attract beneficial pollinators to your backyard by planting native plants. Also learn which plants are invasive and how to dispose of them

*Activities for kids will be ongoing in the kids' room: stories and games with prizes – all about butterflies and other friendly pollinators*

**At twilight join us to spot and identify moths as part of  
National Moth Week  
Celebration**

**Free Program for  
Adults and  
Children**

**Program presented  
by Master Gardener  
Kelly Hamilton**

**Event sponsored by  
Ricard Grange and  
the Friends of  
Literacy, Knowledge  
and Service**

**Monday, July 30 at  
6:30 PM**

**Williamstown  
Library**

**2877 Co Rt 17**

**Williamstown, NY**

**Get your garden  
started with some  
plants available  
from Nannyberry  
Native Plants,  
Fulton, NY**

**Rick will be on  
hand to showcase  
species he has  
harvested and  
grown from the  
wild, and to answer  
questions after the  
program**
