

Announcing the 2019
Eastern Lake Ontario
Invasive Species Symposium
Thursday, June 20th Tailwater Lodge, Altmar NY

SLELO PRISM

Teaming Up To Stop The Spread of Invasive Species

The St. Lawrence Eastern Lake Ontario region is host to a variety of unique and globally rare habitats. Terrestrial and aquatic invasive species pose a genuine threat to these natural areas.

On June 20th, you're invited to attend a one-day event at the Tailwater Lodge in Altmar, NY. Expert knowledge will focus on an overarching theme of Enhancing the Health and Resiliency of Natural Systems.

See inside for the agenda, continuing education credit information, and lodging accommodations.

Reservations are limited don't delay.

There is no cost for this event, but **pre-registration is required.**

Register by May 27th

2019 EASTERN LAKE ONTARIO INVASIVE SPECIES SYMPOSIUM

*Hosted by SLELO PRISM, The Nature Conservancy, the Department of Environmental Conservation,
Douglaston Salmon Run, Wegmans & Tailwater Lodge*

Thursday, June 20th 2019

[Tailwater Lodge 52 Pulaski St, Altmar, NY 13302](#)

8:30am Light Refreshments/Registration

9:00-9:15am Welcoming Remarks from the SLELO PRISM Coordinator, Rob Williams
& Master of Ceremonies, Megan Pistolese

9:15-10:00am **The Challenge of Managing Invasive Species in Restoration Projects** Dr. Tom Whitlow-Cornell University.
An overview of challenges faced during invasive species restoration projects and an approach to restoration based on an understanding of the natural fundamental processes that influence these challenges.

10:05-10:45am **Implications of Climate Change on Invasive Species in the Northeast & Considerations for Management**
Carrie Brown-Lima- New York Invasive Species Research Institute-Cornell. *An overview of how climate change may influence aquatic and terrestrial invasive species and considerations for management efforts to enhance the resiliency of aquatic and terrestrial systems.*

15-minute break

11:00-11:40am **Preparing Your Woods for More Frequent Disturbance in the Face of Invasive Species & Climate Change** Greg Sargis-TNC. *An overview of a collaborative project focused on establishing a more resilient forest in Tug Hill in the face of invasive species and climate change-lessons learned can be applied to enhance the resilience of similar hardwood forests across the Northeast.*

11:45-11:55am *A brief word from the Master of Ceremonies and introduction to exhibits.*

11:55-12:10pm A word from lunch donors—The Nature Conservancy & Douglaston Salmon Run

12:10-1:10pm Lunch

Please take time to visit the exhibits & network.

Videos of our Conservation Efforts and Volunteer Network will run during lunch.

1:10-1:40pm **Enhancing Resiliency Against Invasive Species & Supporting Pollinators Through Highway Corridor Restoration** John Falge-DOT. *An overview of how to create sustainable roadsides that are more resilient against invasive species and supportive of pollinators. Restoration strategies, soil application techniques, native seed selection & pollinator support techniques utilized and developed by the Department of Transportation region 6 will be discussed.*

1:45-2:45pm **Seeds for Restoration:** Edward Toth - Greenbelt Native Plant Center/Mid Atlantic Regional Seed Bank. *An overview of how seed collection is done and how using native ‘eco-regional’ seeds in restoration projects can enhance the resiliency of invaded areas. An outdoor field session covering seed collection protocols and plant identification will be held at the end of the symposium.*

2:45-3pm **Moving Forward: Resiliency & Restoration in Our Work.** *Brining it all together- a vision for how SLELO PRISM can enhance the health and resiliency of our region through our work.* Rob Williams-SLELO PRISM Coordinator.

3pm closing remarks and invitation to attend outdoor sessions

3:15-4:15pm Optional Seed Collection Protocol Field Session with Molly Marquand- MARSB **-OR-** iMapInvasives3.0 Walk and talk with Patricia Shulenburg-STR.

2019 EASTERN LAKE ONTARIO INVASIVE SPECIES SYMPOSIUM

Continuing Education Credits

<u>Certification/ Category</u>	<u>Credit Hours</u>
NYSDEC Licensed Pesticide Applicator	
Category 2, Forest	2.50
Category 6A, Right-of-Way	1
Certified Nursery & Landscape Professional (CNLP)	5.5
International Society of Arboriculture (ISA)	
Certified Arborist	4.75
BCMA-Science	2
BCMA-Practice	2.75
Municipal Specialist	4.75
Master Naturalist	5
Society of American Foresters (SAF)	
Category 1	4
Category 2	.5
Certified Ecological Practitioner	3

Please Note:

Those wishing to receive continuing education credits must sign-in on designated sheets available the day of the Symposium.
Specific categories will be provided.

SLELO PRISM is Hosted by The Nature Conservancy

Our Partnership is Supported by:

- ❖ New York State Department of Environmental Conservation
