

Announcing the 3rd
Eastern Lake Ontario
Invasive Species Symposium

Wednesday, June 7th, 2017 - Selkirk Shores State Park

SLELO PRISM

Teaming Up To Stop The Spread of Invasive Species

The St. Lawrence Eastern Lake Ontario region is host to a variety of unique and globally rare habitats. Terrestrial and aquatic invasive species pose a genuine threat to these natural areas.

On June 7th you are invited to attend an one-day event that will reflect expert knowledge on invasive species issues, technologies and collaborations. Continuing education credits for NYS licensed pesticide applicators, foresters, arborists and nursery landscape professionals are available.

There is no cost for this event, but **pre-registration is required**. You may register by contacting Megan Pistolese by phone at (315) 387-3600 extension 7724 or by emailing Megan at: megan.pistolese@tnc.org.

A program, continuing education credit information, lodging accommodations are included. *Seating is limited so don't delay.*

Event Acknowledgements

St. Lawrence Eastern Lake Ontario Partnership for Regional Invasive Species Management with support from The Nature Conservancy CWNY & Douglaston Salmon Run.

EASTERN LAKE ONTARIO INVASIVE SPECIES SYMPOSIUM

Hosted by:

The St. Lawrence Eastern Lake Ontario Partnership for Regional Invasive Species Management in cooperation with The Nature Conservancy CWNV & Douglaston Salmon Run

Wednesday, June 7, 2017, 8:30 am – 4 pm

Selkirk Shores State Park Enclosed Shelter 7101 State Route 3 Pulaski, NY 13142

8:30 Light Refreshments/ Registration

9:00 Welcome remarks, Introduction to SLELO PRISM: Rob Williams, SLELO Coordinator

Morning Learning Theme: Invasive Species Threats and Management

9:15 Ecological Studies on Extreme Drought/Climate Change and Invasive Plant Species:

Dr. Steve Young, Adjunct Professor School of Integrative Plant Science, Cornell University

10:10 Invasive Species Threats to New York's Forests: Dr. Melissa Fierke, Associate Professor, SUNY ESF

10:50 Emerald Ash Borer Parasitoids – A Biological Control: Mike Jones, PhD candidate, SUNY ESF

11:30 Invasive Species Control & Monitoring Approaches in NY Power Authority ROWs:

Dr. Chris Nowak, SUNY ESF

12:10 A word from Garrett Brancy, Douglaston Salmon Run Manager

12:15-1:00- Lunch, Networking & Exhibits

Afternoon Learning Theme: Invasive Species Initiatives, Approaches & Technologies

1:05 Using Environmental DNA & Underwater Video Technology as a Practical Early Detection Tool:

Rob Williams, SLELO Coordinator

1:40 Ballast Water Treatment Technology & New Great Lakes Regulations: Marc Gagnon, Director of Government Affairs and Regulatory Compliance, Fednav Limited

2:15 Drones: Regulations & Potential Uses for Invasive Species Mgmt. Aquatic & Terrestrial

Josh Payette, Parks Manager

2:50 Collaborating for Success: Richard Evans, US Coast Guard Auxiliary and Megan Pistolese, SLELO Education/Outreach Coordinator

3:20 Introducing the iMap Spatial Prioritization Tool for Invasive Species Management:

Dr. Jennifer Dean, Invasive Species Biologist, NY Natural Heritage Program/ iMapinvasives

3:55 Closing Remarks/ Adjourn

4:00 Optional Field Session & iMap mobile app. training: Patricia Shulenburg, GLRI Project Coordinator, Parks; Jennifer Dean, NY Natural Heritage Program/ iMapinvasives, and Stephanie Larkin, DEC

EASTERN LAKE ONTARIO INVASIVE SPECIES SYMPOSIUM

Continuing Education Credits

<u>Category / Certification</u>	<u>Credit Hours</u>
Society of American Foresters (SAF):	5.5 Total Credits
Certified Nursery & Landscape Professional (CNLP):	5.25 Total Credits
International Society of Arboriculture (ISA):	14 Total Credits (Categories Below)
BCMA Science	1.00
Certified Arborist	4.25
Practice:	3.25
Utility Specialist:	1.25
Municipal Specialist:	4.25
NYS Licensed Pesticide Applicators via NYS DEC:	20.75 Total Credits (Categories Below)
2-Forest	2.00
3a-Ornamentals & Turf	2.50
5a-Aquatic Vegetation	1.75
5b- Aquatic Insect	1.25
5c- Aquatic Fish Control	1.25
6a-Right-of-Way Vegetation Control	1.00
9-Regulatory	5.00
10-Demonstration	5.00
25- Nursery, Ornamentals & Turf	1.00

Please Note:

Those wishing to receive continuing education credits must sign-in on designated sheets available the day of the Symposium.
