

EASTERN LAKE ONTARIO INVASIVE SPECIES SYMPOSIUM

June 23rd & 24th 2021

Grenadier Island, NY

©Mat Levine-TNC

VIRTUAL EXPERIENCE OVERVIEW

The Eastern Lake Ontario Invasive Species Symposium is hosted by the St. Lawrence Eastern Lake Ontario Partnership for Regional Invasive Species Management (SLELO PRISM).

It is a professional exchange of information that provides applicable and timely ways to support invasive species prevention and management initiatives, while also enhancing the health and resiliency of the natural systems that make the St. Lawrence Eastern Lake Ontario region so special

On June 23rd and 24th, you're invited to attend a FREE two-day virtual experience via Zoom.

You will hear from our regional and state-wide partners and learn of projects and initiatives that are protecting our lands and waters from the impacts of invasive species.

Continuing education credits will be available.
Join virtual games and win prizes!

WEDNESDAY, JUNE 23RD

Morning Session
